Subject: RE: DB coordination mtg next week

Importance: High

Hi all –

I talked to Darcy earlier today and she wants to start the roll out on Dewey Burdock and start making notification phone calls as early as possible next week. So – scratch my plan to get things together and ready for Monday 3/6! Sorry for the change in plans! I will cancel the Wed meeting I set up.

We need to work on three things and get these to Darcy Monday or Tuesday:

1. talking points that we can use for:
 - a. phone calls with Powertech and tribes that we consulted with
 - b. phone call with Steve Pirner, which will be same as above with the additional emphasis that the Class I issue went away because Powertech withdrew that part of their application
2. draft of email that will go out to the other tribes and interested parties list
3. contact lists for the tribes (name and phone number for 8 tribal chairs, enviro directors, and THPOs that we will call; email addresses for the other tribes)

The TPs and email can be largely lifted from the comm strat, but since that doc is so long it will be helpful especially for the phone calls to have something shorter to work with.

I have time to help with the talking points and email Monday morning – please just let me know if something has already been drafted.

Douglas – could you please also look at the comm strat and see whether we need to add or change anything given the most recent NRC NHPA decision? Darcy will check with Suzanne to see if she had any final comments on the comm strat.

Thanks, and sorry again for my misunderstanding of the timeline!

Sarah

Subject: DB coordination mtg next week

Hi Douglas, Valois, and Lisa–

I just sent you an invite for a meeting next Wed, and wanted to provide a little more info on what I would like to discuss. Aside from making sure we're ready with the website and public hearing logistics, I'd also like to make sure we're ready to implement the comm strat on Monday, 3/6, and talk through anything else we need.

Questions I have:

Do we have contact lists ready for the phone calls and emails listed below?

Do we have a script or draft email ready/reviewed for these items? (i.e. what in the comm strat do we want to proactively cover?)

Status of web conference materials – are these ready or need some work still?

I pasted in the activity matrix from the comm strat below so it's easy to find. I still haven't gotten any comment back from Suzanne on this, but I will check in with Darcy this morning.

Please let me know if you think we should include others on this discussion.
Thanks!

Activity Matrix for Public Outreach			
Activity	Who?	How?	When?
Distribute Final Communications Strategy within Region 8 and OGWDW	Douglas M Sarah B	Email	ASAP
Publish local media announcements of the public comment period (March 6 th to May 19 th) and public hearings in April/May.	Sallena R Lynne N Douglas M	Newspapers, etc.	Week of March 6
